King Edward VI Five Ways will continue to provide the opportunities to all of our students. In addition to this, there is a continued emphasis on closing the attainment gap by means of focused interventions, effective learning and teaching, further improvement of student support as well as a continued commitment to providing outreach opportunities to disadvantaged and other pupils in the local community.

As a selective grammar school we will continue to measure the impact of Pupil Premium funding via the results and progress that we enable all students to make.
